J. L. Beaton—President, Oshawa Chamber of Commerce.
W. R. Elliott—President, Canadian Legion.
Mrs. R. B. Smith—O.C.C.A.T.S., Mrs. Vernon—President, Legion Auxiliary.
M. T. Fenwick—President, Steel Workers' Union.
Clifford Sewell—President, Typographical Union.
A. D. Anthony—President, Canadian Congress of Labor.
Rev. W. R. Stringer—President, Oshawa and East Whitchy.

IF Canada Is Worth Living In...

● If Canada is worth living in... and if Canada is worth fighting for... then surely in this time of national peril Canada is worth lending to.

Remember—we are asked to lend our money for the preservation of our own and our nation's freedom!

Whether Canada is the land of our birth or of our adoption, let us not fail her when she asks for our help. Let us be proud of the sacrifices we are able to make in order to buy more, and more VICTORY BONDS.

MUCH QUIETER
A vault was made for the body of George Washington under the dome of the Capitol but it was decided to inter him at Mt. Vernon.

ANY SACRIFICE IS SMALL, SAYS ALD. JAS. HAXTON

Feels Confident Oshawa and County Will Exceed Objective

I am whole-heartedly behind the forthcoming second Victory Loan

campaign and all it stands for at this time.
Our government has requested every citizen to support this drive and we must stand behind it and back it up with our savings. Only thus can funds be raised to buy the tools of victory which our workers are forging in factories throughout the nation.

Any sacrifice we are called upon to make is small, indeed, compared with that being made by our men who have volunteered for active service overseas. Some already have made the supreme sacrifice and others are facing it, so that our liberty may be preserved at home.

I feel confident that Oshawa and

Ontario County will meet and further their objective, and will do whatever I can to aid in this great achievement—Ald. James Haxton, Ontario County Victory Loan Ad-Victory Committee.

—Buy a Bond—
SHOOT WRONG PIGEONS
London (C.P.).—More than 700 army pigeons, trained for dispatch carrying, have been shot in mistake for the common wood pigeon, cousin to the crow, the enemy of every English farmer.

—Buy a Bond—
Canada's fish culture men gathered 63,000,000 eggs in 1941, mostly speckled trout and Atlantic salmon.

STAYING POWER and STRIKING POWER

● These two qualities combine to bring Victory.
Canada's fighting forces have the staying power.
Their striking power is growing greater every day.
But they must have more weapons and more equipment to make their striking power invincible.
That's the reason for this second Victory Loan — more striking power for Canada's fighters.
That's the reason why you should—

The Power to Win Depends on You

Churchill said: "Given equal weapons we can beat the life out of the enemy" but "we cannot afford to relax. On the contrary, we must drive ourselves with unrelenting zeal."
Your dollars will provide the striking power for Canada's fighting forces—provide more and better "tools of victory" for our allies.
Invest your Dollars in Victory—Protect your future and your freedom.

National Duty of Every Employee to Invest Second Victory Loan

BY C. E. McTAVISH
Chairman

Ontario Co. Employees Committee Great preparations have been made for the launching of the Second Victory Loan campaign on next Monday morning, February 16th, 1942. In all organization units, such as Ontario County, where there are sufficient number of firms to warrant it, a local Employees Committee has been appointed. This Committee has the responsibility of organizing the internal canvass of each individual employee in all plants having 50 or more employees.

The goodwill and co-operation of the personnel of each individual plant is essential for adequate and proper internal coverage, and in Ontario County the support given the Employees Committee by the various establishments has been for a full-out 100% co-operative effort. More than in previous loans, success depends on "small" subscriptions. This we can do only if every employee in Canada gets behind the Victory Loan organization's plan of individual canvass of every plant and office worker in the country.

A vast new army of bond buyers must be created, by persuading each individual to postpone other purchases except for food, shelter and clothing and some recreation and entertainment, and invest every dollar possible in Victory bonds.

The Ontario County Employees

Committee are confidently looking forward to the opening day of the Second Victory Loan because of the standardized plan which has been put in operation in all the plants that come under our Committee. As individuals, and collectively, as a nation, we have to make our choice between the materials for war or luxuries. Our industrial organizations across Canada are producing the materials for war in ever-increasing volume.

Success of the Second Victory Loan will proclaim our desire for an all-out total war effort, and will show Hitler and his gangsters, that we, as Canadian employees, are willing to invest, voluntarily, from our earnings, having faith, confidence and courage in the stability of the Dominion of Canada government bonds.

It is a national duty of every employee to invest his or her savings, and to set aside from his or her weekly income by systematic saving a certain percentage of that income.

Let us buy the Second Victory Loan bond to the limit of our resources and ability.

STRONGER MARGARINE

London—(CP)—To make up for shortage of eggs, margarine in the United Kingdom has been doubled in the bone-and-teeth forming Vitamin D content.

**COME ON
CANADA!**

That, in a nutshell, is why Canada is asking you to buy more Victory Bonds.

With equal numbers, equal equipment and equal weapons, Canada and her allies can beat the enemy to a standstill.

Your purchase of Victory Bonds will help to provide that equality—aye, superiority—of equipment and weapons that will help to build invincible striking power, and assure Victory.

**W. S. ROBERTS
SENDS LETTER
GM EMPLOYEES**

General Manager Addresses
Appeal to "My Fellow
Employees"

A strong appeal to employees of General Motors of Canada Limited has been made in a letter addressed "To My Fellow Employees" by W. S. Roberts, general manager of the company.

The Times-Gazette is glad to have the privilege of publishing this letter and feels that the message to General Motors' employees will make an equally strong appeal to all residents of the city and county. The letter is as follows:

February 12, 1942.
To My Fellow Employees at
General Motors:

We all have a part in this war, and if we play it to the full, it will be because all of us have decided in our hearts that we will give the best that is in us.

It is now time to make that decision. Our country is asking for our savings—not just the idle dollars waiting for profitable investment, but dollars hard won by self-denial and sacrifice—dollars gained by doing without.

We are all proud to share the burden that is placed upon us. The appeal is for an all-out effort. Let us all give our utmost.

The fighting forces need ships, planes, shells, tanks, and guns. The cause of world freedom may be lost unless that demand is met, so for the freedom of ourselves, and our children's freedom, let us buy the new Victory Bonds.

A world enslaved means all free peoples enslaved. The present conflict is a challenge to our survival. Yours faithfully,

(Signed) W. S. ROBERTS,
General Manager
